AWARD

INNOVATION IN MANURE PROCESSING

DO YOU HAVE AN INNOVATIVE IDEA?
JOIN THE COMPETITION AND WIN THE 'IVAN TOLPE-AWARD'!

As a homage to Ivan Tolpe, a pioneer in manure processing from West-Flanders, The Flemish Coordination Centre for Manure Processing or VCM (Belgium) organizes the 4th edition of the 'Ivan Tolpe' Award in 2020. The aim of this award is to develop and support innovative, promising techniques, in order to maintain the leading role of Flanders in manure processing.

TARGET GROUP?

Non-profit organisations, companies, individuals, researchers, ... with a ready for practice, rapidly implementable and innovative technology usable in manure processing. Also participants from abroad can join the competition, but the concept needs to be applicable in the Flemish context.

Deadline is approaching for registration of innovative ideas for the Ivan Tolpe award 2021
